Bartlett, IL 60103
Phone: 312.961.6640 / Fax: 312.896.9238
www.agreenday.org

Environmental Vision Statement

Agreenday.org mission is to try to eliminate the use of plastics in the dry cleaning industry by coming up with a solution. The use of a reusable bag to replace the plastic and that can be reused, washed and recycled over again and again... eliminating over 330 million pounds of plastic a year stemming alone from dry cleaning industry... on average every household produces 1 pound of 20 dry cleaning plastic a month, 12 pounds a year, 60 pounds in 5 years in one lifetime 1500 pounds of plastic from dry cleaners alone...

Products to be Displayed

Reusable dry cleaning bags, garment bags and a 3-1 go go bag that has interchangeable inserts.

Activeion Cleaning Solutions

21308 John Milless Drive, Suite 104
Rogers, MN 55374
Phone: 866.950.4667 / Fax: 763.428.0083
www.activeion.com

Environmental Vision Statement

The Activeion Pro transforms tap water into a powerful cleaner freeing cleaning professionals from the impact of chemicals. In fact, the Activeion Pro can eliminate up to 47 of today's general-purpose, glass, and carpet cleaning chemicals helping professionals lower their costs, simply their processes and ensure the safety of their customers and employees.

Products to be Displayed

Activeion hand held sprayers

Advanced Vapor Technologies, LLC

7719 230th Street SW
Edmonds, WA, 98026
Phone: 425.775.9000 / Fax: 425.775.1993
www.advap.com

Environmental Vision Statement

Maintain and improve the quality of our indoor environment while eliminating or reducing the dependence on chemical formulations to clean, sanitize or disinfect the interior of any facility.

Products to be Displayed

MondoVap 2400® 'Dry' Steam Vapor Sanitation System. AVT Steam Vapor Systems, TANCS® equipped, cleans and disinfects virtually any washable surface in seconds, using only Tap Water. Chemical exposure, residuals and noxious odors are greatly reduced. Systems are applicable for multi-purpose, multi-surface, cleaning and disinfection. Fast, Easy, Simple & Safe to use. Scientifically tested and proven effective against MDROs such as *A. baumannii*, *MRSA*, *VRE*, and *C. difficile* spores.

Alpar Architectural Products, LLC

P.O. Box 17207
Minneapolis, MN 55417
Phone: 612.721.0156
www.alpararch.com

Environmental Vision Statement

Alpar Architectural Products' mission is to provide high-performance building products with the least possible impact on the environment and human health. As such, Alpar was founded on a commitment to producing only products that are 100% free of PVC and halogenated fire-retardants.

Products to be Displayed

Bio-based polymer and metal wall protection

Amerinet Inc.

2060 Craigshire Road
St. Louis, MO 63146
Phone: 877.711.5700 / Fax: 314.682.1841
www.amerinet-gpo.com

Environmental Vision Statement

Amerinet's GreenCare Initiative exemplifies our commitment as a leader in environmental responsiveness in the healthcare industry, working internally and externally to improve the environment while bringing savings and quality to members. Amerinet recognizes the importance of "greening" the healthcare supply chain, supporting environmentally preferable purchasing by offering educational resources and more than 33,000 green purchasing options. Amerinet also supports organizations that provide consulting services on environmental topics and work with us on strategies to expand "green" products / services.

Ascent Healthcare Solutions

10232 S. 51st Street
Phoenix, AZ 85044
Phone: 480.763.5225 / Fax: 480.763.5320
www.ascenths.com

Environmental Vision Statement

Through environmental leadership in the medical device industry, Ascent Healthcare Solutions continues to push for more environmentally sound practices in healthcare. We assist hospitals and healthcare providers using resources in a smarter, better way. Our partners use our reprocessing and recycling services as a cornerstone of their environmental initiative. Since our inception, Ascent customers have eliminated more than 11,000 tons from overtaxed landfills by reprocessing and recycling medical products they would otherwise have needlessly thrown away.

Basel Action Network

122 S. Jackson Street, Suite 320
Seattle, WA 98104
Phone: 206.652.5555 / Fax: 206.652.5750
www.ban.org | www.e-stewards.org

Environmental Vision Statement

The Basel Action Network advances environmental health and justice by preventing toxic trade – the dumping of toxic wastes, products and technologies on the world's poorest communities. We promote toxic free products and manufacturing and sustainable consumption. BAN's e-Stewards Initiative works within the electronics recycling industry and promotes e-Stewards, or leading North American electronics recyclers and asset managers, who have been qualified as upholding the highest standard of environmental and social responsibility.

Products to be Displayed

List of responsible recyclers (e-Stewards), large photos of dumping in developing countries, DVDs, articles, informational materials about e-Stewards program. Information on the Healthcare Green Electronics Initiative which includes a packet of tools and resources related to electronics procurement, management and disposal.

Baxter Healthcare Corporation

One Baxter Parkway
Deerfield, IL 60015
Phone: 800.4BAXTER / Fax: 847.948.3642
www.baxter.com

Environmental Vision Statement

At Baxter, we focus on continuous improvement across all dimensions of sustainability – including the environment – to help achieve a better tomorrow. Our 2015 sustainability priorities and goals provide a framework to focus our efforts in areas where we can make the greatest impact.

We apply our expertise in biotechnology, medical devices and specialty pharmaceuticals to develop innovative therapies that save and sustain lives around the world. It is this higher purpose that binds us as a company and as global citizens.

Products to be Displayed

Frozen Premix Medications in Galaxy Containers, AVIVA, non-DEHP/non-PVC administration sets, Clintec solutions in non-PVC containers, Pour Bottles and Intravia (2J codes)

BD

1 Becton Drive
Franklin Lakes, NJ 07417

Global Links

4809 Penn Avenue #2
Pittsburgh, PA 15224
Phone: 412.361.3424 x201 / Fax: 412.361.4950
www.globallinks.org

Environmental Vision Statement

Global Links works to improve healthcare in developing countries by providing critically needed medical supplies, furnishings and equipment that are recovered from U.S. medical facilities. Our programs provide U.S. medical institutions with an environmentally responsible way to reduce unnecessary waste while helping to address the global health crisis that exists throughout the developing

world. By working with overseas recipients prior to donating materials, we ensure items will be appropriate, useful, and will not create a new disposal burden.

Products to be Displayed

Information regarding Global Links' recovery programs-tailored to different hospital departments to maximize waste reduction while providing vitally needed materials to struggling hospitals abroad.

Greenhealth Tracker™

2901 North Moore Street, Suite 509
Arlington, VA 22209
Phone: 888.698.3336
www.practicegreenhealth.org

Environmental Vision Statement

The **Greenhealth Tracker™** tool is designed to track and manage data on ALL waste stream costs and volumes, including recycling, hazardous and regulated medical waste, solid waste, and donated and reused materials.

Here are just some of Greenhealth Tracker's™ potential uses:

- Share and compare benchmark waste stream data within a health system and/or nationally
- Calculate and compare costs
- Develop data-driven waste reduction goals
- Identify waste management cost savings and utilization reduction strategies
- Measure and track your facility's waste-related green house gas emissions impact on the environment
- Identify opportunities to negotiate improved waste management contract terms

MedClean Technologies Inc.

3 Trowbridge Drive
Bethel, CT 06801
Phone: 203.798.1080 / Fax: 203.798.0147
www.medcleantechnologies.com

Environmental Vision Statement

MedClean provides Green solutions for regulated medical waste (RMW) and confidential document destruction that reduce expense, mitigate risk, and protect the environment. The MedClean Container/Mobile Series delivers on-demand solutions providing hospitals with on-site RMW processing and confidential document destruction/recycling capabilities that eliminate the need for up to three off-site hauling and processing vendors. Hospitals reduce carbon footprints with MedClean systems and eliminate transport of toxic, bio-hazardous RMW through the streets of host communities. The MedClean process sterilizes RMW, so that it can be disposed of as harmless, common municipal solid waste (MSW). MedClean Technologies enables hospitals to "Go Green" and "Save Green" in the handling of RMW and confidential documents.

www.premierinc.com/safety

Environmental Vision Statement

Premier is committed to assisting its members and supporting industry efforts to enhance the safety and health of patients, workers and the environment through its Yes to Green program, a collaboration of its Safety Institute and Group Purchasing Program. Premier collaborates with suppliers that share Premier's environmental commitment and by offering environmentally friendly products and services as part of its group purchasing contracts. Premier also provides publicly available resources on green purchasing and practices on its Safety Institute Web site.

Rechargeable Battery Recycling Corporation (RBRC)

9222 Jeffery Road
Great Falls, VA 22066
Phone: 703.759.7400 / Fax: 703.759.7003

Environmental Vision Statement

RBRC is a not-for-profit, public service organization dedicated to the collection and recycling of small rechargeable batteries and cell phones. Our services are entirely free-of-charge to businesses, community organizations, public agencies and retail stores. Our goal is to recycle as many rechargeable batteries and cell phones from the medical and healthcare community as possible.

ReNu Medical, Inc.

9800 Evergreen Way
Everett, WA 98204
Phone: 425.353.1110 / Fax: 425.353.9116
www.renumedical.com

Environmental Vision Statement

ReNu Medical provides immediate solutions to rising healthcare costs and environmental waste concerns,

continuing to be the innovator in clean, safe and "GREEN" medical device reprocessing.

ReNu's non-toxic reprocessing utilizing High Level Disinfection (HLD) delivers 2-3 times the savings of toxic EtO sterilizers, maximizing the life expectancy of each device. HLD assures the safest, most reliable products, while reducing the amount of medical waste and disposal costs. ReNu delivers the most sustainable, "GREEN" reprocessing nationwide.

Sambhavna Clinic & Trust

41 Oakview Terrace
Jamaica Plain, MA 02130
Phone: 617.524.6018 / Fax: 617.524.7021
www.bhopal.org

Environmental Vision Statement

The independent Sambhavna Clinic provides free care to the survivors of the Union Carbide chemical disaster in Bhopal, India. 25 years ago, a Union Carbide pesticide factory in Bhopal had a massive gas leak, sending a cloud of toxic chemicals over a sleeping city. During the last 15 years, Sambhavna has offered a combination of western, traditional Indian (ayurvedic) and yoga therapies to more than 30,000 survivors in Bhopal. The Clinic's current building is a world-class green campus, complete with solar panels, non-toxic building materials, and a one acre ayurvedic garden which produces herbal medicines specific to the health problems of the survivors. At the site of what some call the 'Hiroshima of the Chemical Industry' – toxic-free, ecological medicine is all the more important for health in a community of people crippled by harmful chemicals.

San-I-Pak, Inc.

23535 S. Bird Road
Tracy, CA 95377
Phone: 209.836.2310 / Fax: 209.836.2336
www.sanipak.com

Environmental Vision Statement

San-I-Pak was founded upon principles to protect our environment while safeguarding our communities. As a clean and green alternative to medical waste incinerators, San-I-Pak has been the technology of choice by an overwhelming majority of healthcare facilities that treat medical waste on-site. By sterilizing infectious waste on-site, healthcare institutions are responsibly safeguarding local communities by NOT transporting this hazardous waste through public streets. The volume reduction achieved by San-I-Pak protects our environment by reducing medical and solid waste truck traffic as much as 50%.

Socially Responsible Agricultural Project

22514 W Claybaugh
Elmwood, IL 61529
Phone: 309.742.8895 / Fax: 309.742.8055
SRAP: www.sraproject.org
ICCAW: www.iccaw.org

Environmental Vision Statement

Factory farms impair human health, damage the environment, and degrade the communities in which they are constructed. The Socially Responsible Agricultural Project educates the public about the problems caused by factory farms, and works to help communities protect themselves from the devastating impacts of these facilities and advocates for sustainable agricultural practices.

Products to be Displayed

Information regarding: factory farming and public health impacts, including antibiotic resistance issues and facts; how factory farming can contribute to the growing body of antibiotic resistance in society; the PEW Commission Report Putting Meat on the table: *Industrial Farm Animal Production in America*. "Sustainable solutions" to mitigate negative impacts of industrialized food production. Handouts, including Eat well Guide (www.eatwellguide.org) and Sustainable Table (www.sustainabletable.org) will also be displayed.

SRI Surgical

12425 Race Track Road
Tampa, FL 33626
Phone: 813.891.9550 / Fax: 813.818.9376
Website www.srisurgical.com

Environmental Vision Statement

SRI Surgical helps reduce medical waste by providing reusable alternatives to disposable surgical products. We reprocess these products in our plants that are committed to being a part of an environmentally friendly community. In addition to the obvious environmental benefits of waste avoidance and quality components, SRI Surgical clients benefit financially due to reduced waste disposal costs.

SterilMed, Inc.

11400 73rd Avenue North
Maple Grove, MN 55369
Phone: 336.617.2085 / Fax: 336.358.3314
www.sterilmed.com

Environmental Vision Statement

SterilMed, Inc. is a leading third-party reprocessor of single-use medical devices, providing the highest quality reprocessing and repair services to hospitals and other healthcare facilities nationwide. SterilMed, Inc. offers the widest range of reprocessed devices with an integrated delivery system, enabling hospitals and medical facilities to reduce device cost and to decrease medical waste. We divert more than 625 tons of medical waste from landfills annually.

Products to be Displayed

Our state-of-the-art reprocessing technologies enable SterilMed to supply over 8,000 different Class I and Class II single-use devices at a significant savings to its customers.

Tandus

311 Smith Industrial Blvd
Dalton, GA 30722
Phone: 800.248.2878 / Fax: 706.259.2666
www.tandus.com

Environmental Vision Statement

At Tandus, our goal is nothing less than unwavering environmental accountability. As we focus on where we are going and what we are creating, we are equally focused on reducing our environmental footprint. At Tandus, our culture is about making a difference, and our environmental commitment is to 'Leave No Trace', becoming givers to, rather than takers from, the Earth.

Products to be Displayed

Powerbond ethos floor covering - ethos backing is made from recycled, non-chlorinated, thermoplastic polymer used in windshields and safety glass. Ethos contains 76% recycled content, has the lowest environmental impact of all carpet products in BEES 4.0 Life Cycle Analysis and is 100% recyclable through Tandus's existing closed loop recycling process. Ethos was developed with and is used extensively at Kaiser Permanente.

Teleosis Institute

1521B 5th Street
Berkeley, CA 94710
Phone: 510.558.7285 / Fax: 510.527.1682
www.teleosis.org

Environmental Vision Statement

Teleosis Institute is an organization dedicated to reducing healthcare's footprint while broadening its ecological vision. We believe in a health care system that conserves natural resources, promotes personal wellness, and begins with precaution. At the forefront of this sustainable medical system are health providers who take an active role in greening healthcare through example, education and advocacy. Teleosis is a program of Practice Greenhealth.

TSO₃ Inc.

2505 Avenue Dalton
Quebec, QC G1P3S5
Phone: 866.715.0003 / Fax: 866.651.8763
www.tso3.com

Environmental Vision Statement

TSO₃'s philosophy is centered on fulfilling our responsibilities toward society and the environment. Our customers seek ways to reduce their environmental footprint while enhancing their quality of care. Our sterilization products are as economically advantageous as they are ecologically sound. We offer total cost of ownership advantage, increase clinical efficacy and improve the environmental performance of sterilization in the health care sector.

Products to be Displayed

The TSO₃ STERIZONE® Sterilizer's patented, dynamic sterilant delivery system creates a conditioned environment enabling a precise dosing of sterilant throughout the chamber, creating limitless sterilization capability for today's and tomorrow's simple and complex medical devices. We offer comparable compatibility to other oxidative sterilization processes to meet growing surgical demands

**U. S. Department of Energy (DOE) –
EnergySmart Hospitals (ESH)**

Department of Energy, 1000 Independence Avenue SW
Washington, DC, 20585
Phone: 2025865184 / Fax: 4124813958
www.eere.energy.gov/buildings/energysmarthospitals

Environmental Vision Statement

The Department of Energy's EnergySmart Hospitals promotes efficient and renewable energy use in new and existing hospitals with tools and strategies for achieving cost and energy savings. The ESH goal of 20 percent improved efficiency in existing facilities and 30 percent in new construction, over current standards, is advanced through design guides, case studies, website, training curricula, and a series of fact sheets focused on specific aspects of energy performance and management.

**U.S. Environmental Protection Agency,
ENERGY STAR**

1200 Pennsylvania Avenue, NW (6202J)
Washington, DC 20460
Phone: 202.343.9146
www.energystar.gov/healthcare

Environmental Vision Statement

Healthcare buildings are the second most energy-intensive facilities in the U.S., consuming twice the energy per square foot as office buildings, making healthcare the 4th largest carbon emitting sector of the economy.

Hospitals can profitably save energy by increasing the efficiency of existing buildings, designing new high performance facilities, and purchasing green power. In support of CleanMed's goals, EPA provides national energy performance ratings for healthcare facilities, guidelines for energy management, and ENERGY STAR recognition.

Vernacare Inc.

150 Norfinch Drive, Unit 1
Toronto, Ontario M3N 1X6
Phone: 800.268.2422 / Fax: 877.311.2811
www.vernacare.com

Environmental Vision Statement

Vernacare, a world leader in environmentally responsible solutions for human waste disposal, works to ensure that every aspect of Vernacare's business is designed to minimize adverse affects on the environment. From the "bleach-free", 100% recycled, post-consumer, newspaper products that we produce to the powering of our offices with clean, renewable power from Bullfrog Power™, Vernacare strives to meet our prime directive to offer an environmentally friendly, cost-effective, human waste disposal solution that improves infection control.
